

How Mountain Girls Can Love
The Stanley Brothers
Key of C

chorus

F C
Get down boys, go back home
G C C7
Back to the girl you love
F C
Treat her right, never wrong
G C
How mountain girls can love

C
I was riding in the night on the high cold winds
 G C
On the trail of the old lonesome pine
C
Thinking of you and feeling so blue
 G C C7
Wondering why you left me behind

C
I Remember the night we walked down the lane
 G C
Our hearts were gay and happy then

You whispered to me as I held you so close
 G C C7
We thought that night would never end
